# PROVIA® BUILDS DOORS THE PROFESSIONAL WAY

---

ProVia has developed a competitive position by catering to a niche within the door market that demands a high degree of customization coupled with outstanding quality. Our company defines the products that meet this demand as “professional-class.” We have found success by adhering to a set of core values that guide us as we develop rewarding, long-term relationships with our employees, customers and homeowners.

## WHAT MAKES PROVIA PROFESSIONAL-CLASS?

---

### ENTRY SYSTEMS **TAILORED** FOR YOUR HOME

Today’s off-the-rack consumer-grade doors, which are mass-produced and not customized for your home, often fall short of expectations and performance.

These shortcomings are the driving force behind ProVia’s custom entry doors, built to your home’s exact measurements for a precise fit, protection, security, and energy efficiency. The materials that go into our custom-made doors are premium quality and exceptionally durable, far surpassing the ready-made doors at the big-box hardware stores, and our craftsmanship and care for details can be seen in each door we produce.

**SECURITY** | We ensure the strength and security of every door, so you have peace of mind and can focus on what’s really important - your life.

**DURABILITY** | Crafted with the finest materials and backed by our Lifetime Limited Transferable Warranty, the durability of our products can’t be beat.

**BEAUTY** | A beautiful ProVia entry system will always greet your guests with classic elegance and style.

**ENERGY EFFICIENCY** | Engineered to keep the elements at bay and your home comfortable all year long.

## INDUSTRY ASSOCIATION

ProVia is a proud member of the Window and Door Manufacturers Association (WDMA) and American Architectural Manufacturers Association (AAMA) - leading voices in our industry. As such, we support advocacy in building code and ASTM standard arenas, quality materials, installation and design in Doors and Windows.

If you ask around, you'll find attention to detail is what our customers have come to appreciate and expect from the ProVia brand. Our company is family-owned and faith-based with an intense focus on producing Professional-Class products. ProVia feels so strongly about the performance and workmanship of our entry systems—built by skilled craftspeople with state-of-the-art manufacturing processes—that they are backed with a Lifetime Limited Warranty, which is even transferable to one subsequent owner.

# STYLE YOUR WAY

TAILORED **JUST FOR YOU** AT THE HIGHEST STANDARDS.

**SECURITY | DURABILITY | BEAUTY | ENERGY EFFICIENCY**

We make it easy for you to make the choice that's right for you. When you combine your selected door style, door glass, paint or stain finish, plus hardware and accessories, the end result is a customized entryway that reflects your personalized style.

# DESIGNING YOUR DOOR

**Imagine Your Entryway with a New Look.** ProVia offers you endless possibilities to create a front door that provides a warm, welcoming entry to your home. To simplify the experience, we've categorized the selection process here to get you started. These ideas are just the beginning – you'll discover a myriad of additional color and style options throughout this catalog.

## 1 DOOR SKIN

Fiberglass and Steel door skins are available in a variety of textured and smooth options.

## 2 CONFIGURATION

Find and customize a configuration that best fits the opening of your home.

## 3 DOOR STYLES

Your home should reflect your personality. That's why you'll find a wide selection of styles to suit your taste.

## 4 GLASS

Select from a full line of Decorative, Art, Clear and Privacy Glass, Simulated Divided Lites, Grid Styles & Internal Blinds.

## 5 FINISH

Our stain and glazed finishes are hand-applied by professional craftsmen, then oven-cured for maximum beauty. Paint finishes are factory applied for a long-lasting, durable finish.

## 6 HARDWARE & ACCESSORIES

Hardware from Trilennium®, Hoppe®, Emtek®, Brinks® and Schlage® provide some of the most stylish, durable hardware available today. Sometimes the smallest things make the biggest difference. Our accessories add a lot to the look of your entry system.

## 7 ADD A STORM DOOR

Protect, enhance and ventilate your entryway with a storm door, while adding an extra measure of security.

# THE COMPONENTS

The components are the small things that set our doors apart from the competition. A lot of small things add up to a big difference.

Your home is unique and deserves to have **custom glass options** like our ComforTech™ Warm Edge Glazing Systems which include decorative glass, Inspirations™ Art glass, internal blinds and internal and external grids in many grid patterns and colors.

 Impact Shield doors feature laminated glass.

Our **2½" casing** conveniently covers paint lines providing a professional installation. **Also available in 3½"**. Choose from Cherry, Mahogany, Oak and Poplar. Flat Fir and Poplar trim are available in paint, stain and glazed finishes.

**High-performance, heat-resistant glass trim** is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications. **Plugless glass trim** is standard on Embarq® and Signet® and optional for Heritage™† and Legacy™†.

**1.** Smooth (standard on select Signet Smooth doors and sidelites, optional on select Heritage Smooth and Legacy Smooth doors and sidelites) **2.** Embarq and Signet Cherry and Mahogany **3.** Embarq and Signet Oak and Knotty Alder **4.** Signet Fir **5.** Heritage and Legacy **6.** Modern Flat Trim (only available on models 112, 114, 115, 116 and 160 sidelites)

† See price list for available styles.

The **Z-AC™ threshold** has an auto-adjusting riser and built-in sealing system that redefines how your door can perform for you. Standard on Signet and Legacy.

- **Automatically adjusts** to your entry door's changing needs over time, eliminating service calls
- Delivers **non-stop protection** against air and water infiltration
- **Saves money** and provides an improved door experience

The **ZAI™ threshold** has a manually-adjustable riser with complementary screw cover caps. Standard on Heritage.

Three **heavy-duty ball bearing hinges** come standard with every entry system.

**Additional 4th hinge option** for greater durability. (only available with FrameSaver®)

 Impact Shield doors have heavy-duty stainless steel hinges.

The energy efficient **weatherstripping** runs along the top and sides of the door and interlocks with the **CornerShield™** for the most efficient seal you'll find for keeping moisture, wind and dirt out of your home.

We include our **20-gauge security plate** for extra strength and to help prevent kick-ins.

We include a **solid brass fully adjustable strike plate** of our own exclusive design. This unique 2-piece construction makes our doors easier to custom fit.

The **dust box** in the deadbolt strike provides a barrier to air infiltration while providing a nice appearance that most other door manufacturers don't provide.

**Bulb and dual blade sweep** virtually eliminates drafts, keeping your home comfortable.

# THE COMPONENTS

## FRAMES

### FrameSaver®

**FrameSaver wood frame and brickmold** with finger-jointed composite bottom prevents water absorption and carries a Lifetime Limited Warranty when used with **PVC vinyl coated aluminum frame cladding** outside.

**Also available with smooth cladding.**

## FusionFrame™

FusionFrame: A one-of-a-kind alternative to composite or wood jambs, this Endura® component utilizes the strength of an LVL interior, the rot-proof performance of a FrameSaver® bottom, and the durability of a composite frame exterior. Offering a lifetime jamb warranty\*.

### PREFINISHED, MAINTENANCE-FREE

Available as a textured or smooth frame, providing you with the benefit of a prefinished, maintenance-free system, along with the beauty of a stain or paint finish that matches your entry door.

*Not available for transoms or outswing doors. See Price List for complete limitations and restrictions*

*\*Finish warranty will match the finish warranty of door series*

## PermaTech™

Our **PermaTech™ Composite door frame system** option combines all the strength and convenience of wood with enhanced properties that make it moisture and insect resistant. PermaTech will not absorb or wick moisture and will never rot or splinter, and is covered by a Lifetime Limited Warranty.\*

\* No storm door applied. See full warranty for limitations

## Steel L-Frame

Available on select Signet and Legacy door styles

● Aluminum door stop provides greater security and is more durable than wood.

● Energy efficient weatherstripping.

● 18-gauge steel L-frame with a 12-gauge hinge plate welded on for extra strength and security.

(NOT tested for Certified Wind Load or Impact Shield regions)

Not all Steel L-Frames are ENERGY STAR® certified. Visit [provia.com](http://provia.com) website for manufacturer's certification statement.

# EMBARQ® FIBERGLASS

## EMBARQ SKIN OPTIONS

## A NEW WAY OF THINKING

We set out on a journey to develop a new door and it expanded into a complete philosophy of creating unrivaled efficiency in home building products. We call this new way of thinking "enVision," and are proud to introduce its first creation: **Embarq** – the doorway to innovation and efficiency.

**15-YEAR FINISH WARRANTY\***  
See pgs. 95-99 for paint and stain finishes

**ALL** Embarq Fiberglass Entry Systems are ENERGY STAR® Certified.

## EMBARQ FIBERGLASS DOOR STYLES

See pages 30-93 for glass availability.

## SIDELITES

\*Warranty time period may be limited in extreme applications. See warranty for details.

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

To enhance efficiency and accommodate more insulation, we thickened the door and sidelites from the standard 1 1/4" to 2 1/2" which is **43% thicker** than standard exterior doors. We also engineered a **dual perimeter seal** for the entry door to create a superior barrier against drafts and energy leaks.

We engineered a channel in the side rails and header of the door to allow for a **larger energy efficient polyurethane core**. Our computer-controlled process fills every crevice with the foam barrier material resulting in **a level of energy efficiency unparalleled in the industry**.

We started from the inside out to maximize energy savings and reduce thermal loss, resulting in the most energy efficient door in the U.S. market. In fact, this door offers at least **4-times more insulating value than a typical wood door** giving an unprecedented U-Factor of 0.09 - the lowest recorded heat conduction measurement for entry doors in the U.S.

**Door edge** is constructed with cherry, mahogany or oak wood matching the selected series.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for Emtex® hardware and superior structural integrity.

The **authentic wood look** is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

**Scientifically formulated compounds** provide superior resistance to denting, splitting, cracking and warping.

The revolutionary **DuraFuse™ Finishing System featuring P³ Fusion** yields unprecedented finish durability.

**Z-AC Threshold with auto-adjusting riser**. Standard with anodized bronze finish.

We **custom-designed a sweep** to accommodate the Embarq door's added thickness. This creates a new breed of thermal barrier to keep out unwanted elements and uncomfortable temperatures.

## QUAD GLASS SYSTEM

Our enVision™ innovation and technology has created a revolutionary new design utilizing a Quad Glass System. This glass system is only available for Embarq fiberglass doors and sidelites and utilizes the most energy-efficient glass package available on the market today. This high performance glass system provides an optimal energy efficiency rating.

- A** Low-E Glass Surface
- B** Krypton Filled Air Space
- C** Decorative Glass Core
- D** Super Spacer®
- E** Tri-Seal Spacer
- F** We re-engineered our ComforTech Warm Edge Glazing System to accommodate for the extra panes of glass in this highly efficient package.

# SIGNET® FIBERGLASS

## SIGNET SKIN OPTIONS

All fir doors now standard with plugless trim.

Signet Fiberglass doors are available in Cherry, Mahogany, Oak, Fir, Knotty Alder and Smooth Series. Structurally, the Signet door is far superior to traditional fiberglass doors with robust hardwood stiles and rails dovetailed at each corner. All Signet Fiberglass doors exhibit our exclusive DuraFuse™ Finishing System featuring P<sup>3</sup> Fusion, allowing us to offer an industry-best 15-year\* finish warranty.

Most Signet Fiberglass Entry Systems are ENERGY STAR® Certified.

**15-YEAR FINISH WARRANTY\***  
See pgs. 95-99 for paint and stain finishes

### CUSTOMIZE BOTH SIDES

You can customize your entry by ordering a different series, style and finish on each side of your door.

### CUSTOM WIDTHS & HEIGHTS

Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

## SIGNET FIBERGLASS DOOR STYLES See pages 30-93 for glass availability.

### SIDELITES

Entry System U-Factor: As low as .16 (Tested to NFRC specifications for a 6 panel door with wood frame).

Note: All Signet doors are shipped finished.

\* Warranty time period may be limited in extreme applications. See warranty for details.

- ☐ Signet Smooth

The inside door **frame is hand-stained or painted to match your door** providing you with a consistent visual appearance. (Signet doors are also available with a Steel L-frame.)

**Stiles and rails are dovetailed and glued** at each corner creating a structurally solid, integrated frame.

The **2 1/2" finger-jointed 3-ply hardwood hinge stile** provides superior structural integrity.

Signet doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum efficiency and strength.

**Door edge** is constructed with Cherry, Mahogany, Oak or Fir wood matching the selected series.

The **authentic wood look** is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for decorative hardware and superior structural integrity.

**Scientifically formulated compounds** provide superior resistance to denting, splitting, cracking and warping.

**High-definition panel profile** creates excellent shadow lines and distinct panel designs.

The revolutionary **DuraFuse™ Finishing System featuring P<sup>3</sup> Fusion** yields unprecedented finish durability.

**Plugless Glass Trim** is standard on Signet  
Pat: 9,562,389  
Pat: 9,976,338

**Z-AC Threshold with auto-adjusting riser.** Standard with anodized bronze finish.

A **high-performance, composite material** is utilized on all Signet fiberglass bottom rails, giving excellent rot-resistance.

# HERITAGE™ FIBERGLASS

## HERITAGE SKIN OPTIONS

Heritage Fiberglass doors feature enhanced woodgrain texture, improved definition embossing and a hardwood edge to prevent warping.

### 10-YEAR FINISH WARRANTY\*

See pgs. 95-99 for paint and stain finishes

Most Heritage Fiberglass Entry Systems are ENERGY STAR® Certified.

### CUSTOM HEIGHTS

Need a little more or a little less height? We offer customized door and sidelite heights in 1/8" increments.

## HERITAGE FIBERGLASS DOOR STYLES See pages 30-93 for glass availability.

## SIDELITES

- Oak Grain
- ▣ Smooth Fiberglass

Only Heritage Fiberglass doors without glass are available as an Impact Shield Product.

Entry System U-Factor: As low as .14 (Tested to NFRC specifications for a 6 panel door with wood frame).

\* Warranty time period may be limited in extreme applications. See warranty for details.

**Polyurethane core** reduces energy loss.

**Improved definition panel profile** creates excellent shadow lines and distinct panel designs.

**Specially engineered fiberglass door facings** will not dent and resist splitting, cracking and warping.

**Plugless Glass Trim** is optional on Heritage Fiberglass (see Price List for available styles)

**ZAI™ threshold** has a manually-adjustable riser with complementary screw cover caps. Standard with aluminum mill finish.

**1 1/8" Finger-jointed, 2-ply solid oak laminated stiles** for both hinge and strike sides are proven to provide increased rigidity and structural integrity.

**Variable-depth woodgrain texture with hand-applied stain** imitates a wood door appearance.

**Square-edge design** offers an attractive wood door appearance.

**Lock area is reinforced** to provide a solid mounting surface for decorative hardware.

**A high-performance, composite material** is utilized on all Heritage fiberglass bottom rails, giving excellent rot-resistance.

# LEGACY™ STEEL

## LEGACY SKIN OPTIONS

Legacy Steel features add up to a professional-class product. Whether you select Legacy Woodgrain Textured Steel or Smooth Steel, our entry systems will provide an elegant, durable and energy efficient addition to any home.

**10-YEAR FINISH WARRANTY\***  
See pgs. 95-99 for paint and stain finishes

Most Legacy Steel Entry Systems are ENERGY STAR® Certified.

Legacy Steel Doors with full-lite or half-lite decorative glass with ComforTech™ glazing will include a pane of Low-E glass in order to be ENERGY STAR certified. This includes the following styles; 150, 230, 239, 240, 350, 430, 437, 439 and 460. Since Low-E glass has a slight color tint, it is recommended that sidelites and transoms are ordered with optional Low-E pane to match the door.

**CUSTOMIZE BOTH SIDES**  
You can customize your entry by ordering a different series, style and finish on each side of your door.

**CUSTOM WIDTHS & HEIGHTS**  
Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

## LEGACY STEEL DOOR STYLES See pages 30-93 for glass availability.

## SIDELITES

- 20-gauge Woodgrain Textured Steel
- ◆ 20-gauge Smooth Steel
- ❖ 20-gauge Smooth Steel with High-Definition Embossing
- ▲ 24-gauge Smooth or Textured Steel (used with all 20-gauge doors)
- 20-gauge smooth shaker

Entry System U-Factor: As low as .17 (Tested to NFRC specifications for a 6 panel door with wood frame).

\* Warranty time period may be limited in extreme applications. See warranty for details.

† Patent - USD621062

▲ NOT available as an Impact Shield product

Composite top endcaps increase rigidity and energy efficiency.

**Special adhesives/thermal barrier** reduce heat and cold transfer, while our exclusive tab and slot system of **mechanical interlocks** gives the door exceptional structural strength.

ProVia doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum energy efficiency and strength.

The edges and face skin of our steel doors are **one continuous piece of steel** for strength and durability.

To reinforce the lock and deadbolt area, we add a **rigid composite lock block** to all of our steel doors.

**Plugless Glass Trim** is optional on Legacy Steel (see Price List for available styles)

Our 20-gauge steel doors give you **49% more galvanized steel** than a standard 24-gauge door.

Composite bottom endcaps increase rigidity and energy efficiency.

**Z-AC Threshold** with **auto-adjusting riser**. Standard with aluminum mill finish.

# 8' DOORS

8' Doors provide a majestic first impression. Choose from many available glass and door styles (shown on pgs. 30-93). Trilennium® multi-point hardware offers homeowners better door closure and sealing than a single point lock.

Trilennium or Hoppe multi-point hardware is required on all 8' fiberglass doors. See pages 104-107 for more information on Trilennium and Hoppe hardware.

# FRENCH DOORS

French doors make an elegant statement like nothing else. Express your personality by creating a simple yet striking entry. Make it as ornate and beautiful as you like.

## FRENCH DOOR DETAILS

- All door styles are available as a French Door
- Available with FrameSaver® or Steel L-Frame
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only
- Also available with Trilennium hardware

## ASTRAGAL DETAILS

The French Door Astragal provides functionality and security

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

Astragal bolt penetrates threshold allowing boot to seal, creating a better barrier against the elements

Astragal is stained to match Signet Fiberglass stained doors.

## STYLES/CONFIGURATIONS

All door styles are available as a French Door.

- High-Velocity Hurricane Zones  
(ProVia products have not been tested for use in High-Velocity Hurricane Zones)

# DECORATIVE GLASS

Highly-skilled craftsmen assemble hand-beveled glass accented with a variety of unique glass options by precisely cutting, mitering and soldering each component into artistically designed patterns.

Decorative glass purposefully seeks visual character through aesthetic imperfections, while maintaining structural stability. These "imperfections" mimic the hand-made sheet glass of centuries past. They come in the form of textural waves and striations, random seeds (air bubbles) and a variety of other natural effects.

Decorative glass achieves its personality through these apparent flaws and no two sheets are ever identical. Each glass panel is hand-made and reflects minor differences from piece to piece. This is characteristic of any hand-made product and adds to the charm and beauty of the product.

We continually inspect for consistency. The patterns can vary in size and particular shapes, but pose no danger of spontaneous breakage or structural instability. Any patterns that are severely out of character with the glass are not accepted. Our goal is to provide the finest quality glass panels.

## ALL DECORATIVE GLASS:

### 1. ProVia Exclusive

These decorative glass designs are only found on ProVia doors. This gives your entryway a unique style that can't be found anywhere else.

### 2. Includes ComforTech™ Warm Edge Glazing System

Measurably improve thermal performance with our ComforTech Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

### 3. Impact Shield available

Impact Shield Products are designed to protect your family and home against the harshest storms and help deter burglaries. Impact Shield products feature laminated glass and can withstand repeated blows from wind-borne debris or unwanted intruders.

### 4. Covered by a Lifetime Limited Warranty

Warranty includes glass breakage and seal failure.

Each piece of glass is meticulously cleaned and inspected for consistency.

Narrow/Thin Reed

Clear Beveled

Caming

# MIRAGE

DECORATIVE GLASS

Mirage offers effortless style, with narrow/thin reed glass all over, complemented by clear beveled glass. Zinc caming tops it off, making it a simple, modern and attractive design.

# INSPIRATIONS™

## ART GLASS

---

A ProVia® exclusive, Inspirations Art Glass allows you to do just what the name suggests-let your doors reflect the inspiration of your imagination with your choice of design and color.

### DESIGNS

The process begins with conceptual design. Our beautiful Inspirations Art Glass styles originated from the imagination of our in-house designers.

### RESIN BEAD

The design pattern is created on our computer software, and sent to a CNC machine which applies a resin bead to the surface of the glass in one of our four stylish colors.

### COLOR FILL

The color fill truly brings the glass to life. Several colors are offered empowering you to perfectly reflect the personality of you and your home. Our craftsmen hand-apply this color fill to your glass.

### OUR GUARANTEE

The resin bead and color fill are backed by our Lifetime Limited Warranty, and will not fade, blister or peel away from the glass.

## SEE MORE INSPIRATIONS

Ask to see our Inspirations Art Glass brochure for available styles and color palettes, or use our ProVia app to create custom color palettes and design your dream door.

Download our free app today!

 ◆ Only available with Modern Flat Glass Trim. Only available with 770 sidelite(s) or 160 sidelite(s) with Modern Flat Glass Trim.

**Note** - Clear glass is available in Simulated Divided Lites (see pg. 86) Simulated Divided Panels (see pg. 88) Internal Grids (see pg. 90) ( and External Grids (see pg 93).

Blind operator as viewed from the interior of your home.

# WHITE INTERNAL BLINDS

Internal blinds are constructed with sturdy white aluminum and enclosed in tempered safety glass. Easy to clean; no more dusting of blinds. Internal Blinds are suitable for entry doors, sidelites and patio doors and carry a 20-Year Warranty.

## FEATURES

- Ergo Track on glass
- Eliminated Slat/Privacy Channel Gap
- U-Privacy Channels (side, top & bottom) eliminate light gaps, shadows and sunlight glare
- Full Tilt Closure (top to bottom) allows the blinds to tilt completely closed keeping unwanted light out

All entry systems with Internal Blinds can be ENERGY STAR® Certified depending on the glazing system you choose. This chart indicates which glazing system is required for ENERGY STAR certification, as well as availability.

# SIMULATED DIVIDED LITES

Simulated Divided Lites (SDL) are reminiscent of old world craftsmanship when separate pieces of glass were mullied together with wooden grids. We deliver that same stunning appearance through our high-tech stained fiberglass 1" wide x 1 1/32" thick grids combined with the energy efficient qualities of our ComforTech glass packages.

## CRAFTSMAN

Only available for Signet Fir Series

## CONTOURED

Available for all styles shown, except for Signet Fir Series

## BEVELED GLASS

The beauty of beveled glass and coming combine for a distinguished take on traditional divided lights.

Each piece of beveled glass is secured with coming for the beautiful look of a true divided light, with the efficiency of a single doorlight.

† For additional door panel styles see pg. 10 (for Embarq®), pg. 14 (for Signet®)  
 ▲ Requires plugless trim

Δ Not Available with beveled glass

All entry systems with Simulated Divided Lites can be ENERGY STAR® Certified depending on the glazing system you choose. This chart indicates which glazing system is required for ENERGY STAR certification, as well as availability.

Note - All doors and sidelites with SDL's are available with privacy glass.  
 Note - SDL's match stain or paint of door.

(See pages 10-21 for Impact Shield & Windload availability)

NEW

# SIMULATED DIVIDED PANELS

For a stylish and modern look, Simulated Divided Panel fiberglass doors feature wider SDL's (3" and/or 5") applied to the surface of glass on a 460 style Fir door or directly onto the skin of a 001 style Fir door. Numerous configurations and endless paint, glaze or stain colors allow you to create a door design that is contemporary, sophisticated and on-trend.

**Note** - Available only in Signet® Fir with Clear glass (see pg. 80) or Privacy glass (see pg. 78)  
Simulated Divided Panel designs can not be customized

# STAIN FINISHES

**Applied with care, by professionals.** If you buy an entry system and finish it yourself, chances are it's the first door you've ever painted or stained. At ProVia®, stains are hand-applied by professional craftsmen, many who have been perfecting their work for years.

# EMBARQ® & SIGNET®

## 7-STEP STAIN FINISHING SYSTEM

1. **DURAFUSE™** - Proprietary P<sup>3</sup> Fusion Preparation Processes ensuring unprecedented finish durability
2. **HAND-APPLIED STAIN FINISH** formulated exclusively for Signet fiberglass doors
3. A layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
4. Clear coat is **OVEN-CURED** for lasting durability
5. The door is **HAND-SANDED**, preparing the surface for the second layer of clear coat
6. A second layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
7. The door is **OVEN-CURED** a second time, creating a long-lasting, durable finish

### Cherry & Mahogany Stains (shown on Cherry)

# TRENDING COLORS

Color trends are always changing. ProVia's color palette has been completely refreshed to give you even more paint color options for your entry doors, patio doors and storm doors.

All of our traditional hues have been categorized and new "trending" colors have been added, creating three very distinct color palettes to suite your taste: Natural Instincts, Freshly Picked and Stately Shades.

Trending colors  
**AVAILABLE**  
on Storm Doors

## FRESHLY PICKED PAINT FINISHES

## STATELY SHADES PAINT FINISHES

Always refer to our color selector for accurate color representation.

# CUSTOM PAINT COLORS

Still searching for the perfect color?

Custom color-matching is also available on our Entry Doors, Aeris Patio Doors, Endure Patio Doors (exterior only) and Storm Doors.

Custom stains also available on Signet Fiberglass and Aeris Patio Doors.

*Additional lead-time required.*

# HARDWARE

We offer a variety of designs and finishes, from angular to flowing, classic to contemporary, all with their own security features, unique functionality, and advanced technology. You'll be sure to find the features and design that will ensure your front door is the perfect complement to your new entryway.

# TRILENNIUM<sup>®</sup> MULTI-POINT

HARDWARE

The Trilennium Multi-Point locking system provides more than just security. It offers homeowners better door closure and sealing than a single point lock.

- Three 1" deadbolts latch with deadbolt throw
- Deadbolts include anti-saw hardened steel pin.
- A solid I-beam runs the full length of the lock, and increases the strength and precision of the lock.
- Latch and deadbolt release with a single downward movement.

Top and bottom latch design allows for door misalignment and  $\frac{3}{16}$ " pull-in when deadbolted.

## ECLIPSE

Trilennium hardware is required on all 8' Signet® and Heritage™ fiberglass doors. Optional on all other fiberglass doors.

Also available on all 20-gauge Legacy steel doors.

NOT available on Steel L-Frames

Trilennium hardware has a 10-Year warranty on materials and workmanship.

Trilennium hardware is NOT available on French Doors in Certified Wind Load or Impact Shield regions.

## PINNACLE (Not available in Black Finish)

## TRILENNIUM HARDWARE IS AVAILABLE IN THESE FINISHES

- Lifetime Bright Brass
- Lifetime Satin Nickel
- Lifetime Flat Bronze\*
- Lifetime Black

\* Flat Bronze does not coordinate with Black/Bronze accessories.

Lifetime finish warranty time period is limited to five years if product is installed in a coastal region.

## WESTCOTT (Not available in Bright Brass Finish)

# HOPPE® MULTI-POINT

HARDWARE

Hoppe Multi-Point hardware offers the additional security of four points of latching when the door is locked, and the easy operation of one point of latching when the door is unlocked.

- Stainless Steel and other non-corrosive components.
- Anti-Back Drive prevents locking points from disengaging from the outside for added security.
- Latch Blocker on inactive systems will not allow multipoint activation until inactive system is activated.
- Lock Out Feature on interior system allows for multipoint activation from the exterior of the door by lifting handle.
- Backplate and cylinder housing are forged into one piece for improved appearance and easier installation.
- Simultaneous retraction feature enables all locking points to be retracted by pushing down on the inside handle.

## HOPPE HARDWARE IS AVAILABLE IN THESE FINISHES

Lifetime Bright Brass

Lifetime Satin Nickel

(Hoppe hardware is NOT tested for Certified Wind Load or Impact Shield regions)

Lifetime finish warranty time period is limited to five years if product is installed in a coastal region.

### MULTI-POINT LOCKING

(Lock body faceplate is only available in stainless steel)

**A**  
Three Point Deadbolt lock is engaged by lifting handle upward

**B**  
Handleset latch

**TO LOCK:**  
**Step 1:** Turn thumbturn ¼ turn counterclockwise

**Step 2:** Lift handle upward

EMTEK's Mortise hardware features the added advantages and options that come with push-button controls.

- Push-button passage controls  
*For more passage and locking options*
- Heavy-duty Forged Brass Construction - *For long lasting beauty*
- Solid Brass Nose Bolts on Latches - *For dependable use*
- Lifetime Mechanical Warranty  
*Our guarantee of value*
- Lifetime Anti-tarnish Finish  
*Warranty - Beauty for life*

Push button passage controls provide added security and peace of mind. When the upper button is pressed in, the mortise lock is only accessible by using a key.

To activate the Passage Function, push in the lower button. This will allow you to access the thumb latch without a key.

Note: As long as the Passage Function is NOT engaged, the door will lock automatically when latched, and will not allow entry without a key.

# SCHLAGE® ELECTRONIC KEYPADS

## SCHLAGE SENSE™ SMART DEADBOLT

The Schlage Sense Smart Deadbolt makes daily life easier and more convenient. Enter an access code on the touchscreen to unlock the door instead of searching your pockets for keys. Pairing the lock with your smartphone over Bluetooth® is as easy as pairing your phone with your car, and the free Schlage Sense app makes setting up and using the lock as simple as checking email. Share access with trusted friends and family with just a few taps – no more keeping track of spare keys.

# OPTIONS

The Hinge Straps, Clavos and Speakeasy are options that can give your entryway an old world look. Combine these options with our Signet® Knotty Alder Series to achieve a rustic or antique style. Hinge Straps, Clavos and Speakeasy are constructed of durable flat black aluminum.

**HINGE STRAPS** Available on all door styles shown on opposite page

 Available as an Impact Shield product.

**CLAVOS** Available only on door styles shown with planks on opposite page  
(002CP-449, 002CP-437, 8' 002CP-449 and 8' 002CP-437)

 Available as an Impact Shield product.

**SPEAKEASY** Available on all door styles shown below except for 8' 002C-437 and 8' 002CP-437

NOT tested for Certified Wind Load or Impact Shield regions. (Doors with Speakeasy are not ENERGY STAR® certified.)  
 ProVia® does not recommend entry doors with Speakeasy applications in the Northern climate zone. We also recognize some of the North-Central climate zone areas are not suitable for this application as well. We recommend this application to be used only in the South-Central and Southern climate zones. Speakeasy applications carry a 5-year limited warranty. See price book for more details.
